

## CAREER OBJECTIVE

---

I would like to be a part of an organization where I could use and enhance my knowledge and talent for the development of both the organization and myself.

## WORK EXPERIENCE

---

### ALFATECH SOLUTIONS , Frontend UI/UX Developer

JAN 2024 – PRESENT

- Built a crypto-based platform using React.js, creating reusable UI components that manage data and interactions with props and state.
- Integrated APIs using Axios to optimize data flow between the frontend and backend, enhancing performance.
- Enabled seamless navigation in a crypto platform using React Router and useNavigate for efficient routing between pages.
- Implemented user authentication for a crypto platform, including login and registration using Axios, and passed the authentication token for secure session management.
- Used Formik for handling forms and Yup for validation to make data input easy and accurate in the crypto platform.
- Designed a crypto-based platform by creating prototypes using Figma to visualize user interactions and workflows effectively.
- Designed a logo that aligns with the platform's identity and enhances brand recognition.

Tools and Libraries : React.js | Tailwind CSS | Figma.

### PIXELMATRIX SOLUTIONS , UI/UX Designer

JAN 2023 – DEC 2023

- Built a website using HTML, CSS, and JavaScript with a focus on clean design and user-friendly interfaces.
- Made the website responsive using Bootstrap to ensure it works well on all devices.
- Designed website layouts, ensuring responsiveness and user-friendly interfaces to optimize user experience across devices.
- Produced app wireframes for mobile applications, focusing on functionality and seamless user flows.
- Created app prototypes and UI animations to improve user engagement and showcase design ideas.
- Edited videos and posts in Canva for marketing, helping to boost brand visibility and engagement.

Tools and Libraries : Figma | Adobe XD | Canva | HTML | CSS | JS | Bootstrap

### HUMANS SOFTTECH , UI/UX Intern

SEP 2022 – JAN 2023

- Contributed to the design and development of live projects, ensuring high-quality, visually appealing, and user-focused solutions.
- Redesigned the company's UI, improving visual aesthetics and enhancing overall user experience for web and mobile platforms.
